REMARKS upon the SECOND EDITION.
In this new Edition the Frontiers of Spain & Portugal (principally in the Northern Parts) have been completely rectified from the Maps lately published at Madrid by T. Lopez; but for the most important Corrections, the Editor is indebted to the kind assistance given him by LIEUT. GENERAL RAINSFORD, from whose extensive Surveys, taken upon the spot, during the last War in Portugal, the Northern Districts of Estremadura, as also the whole of the Eastern Part of the Province of Alentejo are made entirely new.
