Prof. Dr. A. Quintanilha,
Jardin Botânico,
Coimbra, Portugal.

Dear Sir: -

I have recently read your excellent paper entitled "Le Probleme de la Sexualité Chez les Champignons", and would like very much to have a copy for my library. I could, if you wish, send you a number of papers of my own in exchange.

It might interest you to know that I was for several years a pupil of Professor A. H. R. Buller and last year worked in collaboration with Dr. Vandendriess.

Hoping to hear from you soon, I am sir

Respectfully yours,

Harold J. Brodie
