KEW, SURREY.

DIRECTOR'S OFFICE.

My dear Colleague,

Very many thanks for your kind letter of 4 Nov. which reached me this morning.

The five specimens of rare Portuguese species duly arrived before your letter and are very welcome additions to the Kew collection.

The sample of the wood of Amicon-phyllaea Cabole, sent as a protection for the specimens, is a particularly welcome addition to our Museum.

With very warm regards

Yours sincerely
