

Kew. Feb. 21, 1907.

Dear Prof. Henriques,

I have pleasure in sending you herewith two lists of identifications of Mr. Gossweiler's Angolan collections received at Kew in March, 1905.

The first list, as you will gather from the prefatory note, was an interim one. A copy of this was sent to Mr. Gossweiler but unfortunately, through an

oversight, no copy
was sent to you.

I regret this omission, which
occurred at a time when the
change of Directorate here
had thrown matters a little
out of gear.

The second list contains
the determinations of that
portion of the collections
which had not been dealt
with when the earlier
list was drawn up.

Yours faithfully,

D. Prain
Director.
